The assessment is based on provider's request for CCLP's approval in the alteration of Room 2 and Room 3 to accommodate the increased number of the center's Before and After School Program. Currently, the center has 12 registered infants/toddlers, 25 enrolled preschoolers/kindergarteners, and 38 Before/After school children.

Previously, Room 2 with an occupancy of 13 people, was used for K-3 children and Room 3 with an occupant loads of 10 was used for the Before/After School children. Now provider want to change the use of the 2 room by switching the age group. Room 2 will be use for 10 enrolled Before/After School children and 1 staff. Room 3 will be use for the 7 registered 3-years-old children with 1 teacher.

The number of children and staff for both rooms are within the room capacity. The facility provides sufficient number of staff with the number of registered children for each room.

Staff Child Ratio (No. of children ENROLLED / PRESENT/ CAPACITY / No. of staffs in each AGE-GROUP or room):
